

Women's Fund El Dorado Site-Visit Committee Report

Sherwood Demonstration Garden

Sherry Burke, Chairman and Robin Stanley, Master Gardeners

Sherwood Demonstration Garden provides an outdoor environment for visitors to participate in hands-on learning in 16 individual gardens with a focus on sustainable, earth-friendly and water conserving gardening. Master Gardeners reaches out to youth as well as conducts school tours.

The \$5,000 funds from the grant are used for plants, electric irrigation timers, educational signage and handouts (including children's kits from the Garden Club of America) and indirect costs following the WFED's indirect cost rate policy. The grant funds should be expended by May 2017.

Site-Visit committee members felt that this is a valuable use of funds for community benefit and enhancing cultural aspects of our community.
of our community members with their emotional and relationship needs.
