## **The Center for Violence-Free Relationships**

Matt Huckabay, Executive Director

The Center for Violence-Free Relationships builds healthy relationships, families and communities free from sexual assault and domestic violence through education, advocacy and services in western El Dorado County.

The original grant proposal requested funds to work with Uber to develop a customized system for transportation of Center clients with Uber drivers, called Uber Cares. The Uber program did not work out and the funds were diverted to other forms of transportation such as bus passes, gas cards and taxi fees. Transportation support for clients allows them to go to work, medical appointments, counseling, school, court appointments, and grocery shopping. Matt did ask if it would be possible for funds to be used for minor car repairs for clients.

Site-Visit Committee members felt that the intent of the grant did meet the needs of clients by providing the transportation services requested.
